Savitha KS

CA student

About Me

I am Savitha KS, a Computer Applications student currently in my second year. I have experience in UI/UX design and have worked with tools like Figma and Frammer to create mobile apps and web pages. Additionally, I have knowledge of Tally and have also learned 3D animation. Currently, I am practicing coding to enhance my skills and secure a job in the tech industry.

Experience

2024-2025

I have experience in UI/UX design, having trained in an internship at Vdart Company and learned UX/UI designing from I Life Technologies. Additionally, I have knowledge of Tally and have also learned 3D animation from various IT companies.

Works

I have done a mobile app named ,STREAMORA.Which is a alternative app for apps like jiostar, netflix.And also website based on that app with animations.
